

What a feeling

First when there's nothing, but a slow glowing dream
When midnight madness, starts to get to you, doesn't matter what you do
In case you failed to notice, in case you failed to see
If you need me call me, no matter where you are, no matter how far

Yes, I've been broken hearted, blue since the day we parted
Pressure, pushing down on me, pressing down on you
I never meant to cause you any sorrow, I never meant to cause you any pain
Your love has set my soul on fire, burning out of control

One smile and suddenly nobody else will do
But brother you're never fully dressed without a smile
Show me your face, clean as the morning, I know things were bad, but now they're okay
Oh you're like the sun, chasing all of the rain away, when you come around, you bring brighter days

Heaven knows when I was a young boy, didn't know what I wanted to be
Thank you for being a friend, traveled down a road and back again
If the sky that we look upon, should tumble and fall
It would take an eternity to break us, and the chains of Amistad couldn't hold us

I need you, by me, beside me, to guide me
Nothing you confess, can make me love you less
And I carry this feeling, when you walked into my house, that you won't be walking out the door
And now she's in me, always with me, tiny dancer in my head

Pray god you can cope, I stand outside this woman's work, this woman's world
I'm starting with the man in the mirror, I'm asking him to change his ways
Then put your little hand in mine, there aint no hill or mountain we can't climb
Open your eyes and see, what we have made is real, we are in xanadu- ***the dream we offer you***
