

You Make Me Feel Like Dancing

You've got a cute way of talking, you've got the better of me
I want something else, to get me through this semi charmed kind of life
Everything is better when we stick together, side by side, you and I
We saw the writing on the wall as we felt this magical fantasy

I think I'll go to Boston, I think I'll start a new life, I think I'll start it over
Cause I love that dirty water, oh Boston you're my home
When will this strong yearning end, and when can I hold you again
I heard there was a secret chord that David played and it pleased the lord

So for once in my life, Let me get what I want, Lord knows it would be the first time
You told yourself years ago, You'd never let your feelings show
And when you smile, the whole world stops and stares for a while
You make me smile like the sun, fall out of bed, sing like a bird, dizzy in my head

Cupid, draw back your bow and let your arrow go, straight to my lovers heart
I got chills, their multiplying, and I'm losing control, cause the power you're supplying
Anybody could be that guy, the night is young and the music's high
I will fight the fight and win the war, for your love, for your praise

We both have feelings that we're afraid to show, but the heart always knows
Breaking through the atmosphere, things look pretty good from here
You're gonna fly away, glad you're going my way
So kiss me and smile for me, tell me that you'll wait for me

Lying beside you, here in the dark, feeling your heartbeat with mine
I wonder, how's it gonna be when you don't know me
The answer my friend is blowing in the wind
I've done everything to try and make you mine, I think I'm gonna love you for a long long time
